

# Woven Polyester Strapping and Strapping Supplies

Our woven polyester strapping has been designed and manufactured as a replacement for steel banding.

Our strapping system consists of high tenacity woven polyester strapping, maximum joint-efficiency buckles and inexpensive easy-to-use tools. The result is a high cost effective and safe way to securely contain your product during distribution.

## USA Strapping - Heavy Duty Woven Polyester Strapping

Item No.	Size	Coil Length	*Break Strength	Case Pack	Case Weight	Pallet
